My School DC Lottery

The My School DC lottery gives families the opportunity to apply for available seats in early childhood programs for 3- and 4-year olds, out-of-boundary DCPS schools in grades K-12, and DCPS selective high schools as well as participating charter schools. A single, random lottery is run by My School DC to determine placement for new students at all participating schools. The Office of the Deputy Mayor for Education (DME) oversees the MSDC lottery in collaboration with DCPS, the Public Charter School Board (PCSB) and participating charter schools.

To learn more about schools, selective high school criteria and the lottery process, visit www.myschooldc.org

- Wednesday, February 1, 2017 - SY17-18 [High School Application Deadline](#)

KEY WORDS

Feeder-pattern school (also destination school): a school that a student has a right to attend based on a student's current school. This assignment only happens during the years a student moves from elementary to middle school, or from middle to high school.

In-boundary school (also neighborhood school): a school that a student has the right to attend based on where the student's guardian lives. To identify your student's in-boundary school, visit <http://dcatlas.dcgis.dc.gov/schools/>.

My School DC application: an online application families must use to apply for DCPS out-of-boundary schools (K-12), all DCPS preschool (PK3) and prekindergarten (PK4) programs, DCPS application high schools (9-12), and participating public charter schools.

My School DC common lottery: a single, random lottery that determines placement for new students at all participating My School DC lottery schools.

Out-of-boundary school: a school that a student does not have the right to attend because it is not an in-boundary school or a feeder-pattern school.

Application high school: a DCPS high school that requires an application for entry into the school. There are two types of DCPS application schools:

Citywide: a school that does not have a boundary and therefore cannot be claimed as an in-boundary school. *Ron Brown is the only DCPS citywide application high school.*

Selective: a school that admits students based on specific eligibility criteria. DCPS has six selective application high schools: Banneker, CHEC, Ellington, McKinley Tech, Phelps, School Without Walls.

ANACOSTIA

“In freshman seminar, a professor was discussing a book called *They Say, I Say*. The professor asked if anyone knew the terms ethos, pathos and logos. I was the only student in the class that knew and the one that had read *Letter from Birmingham Jail* because of my AP Literature class and teacher at Anacostia.” — Sierra, Class of 2016

Why Anacostia High School?

Anacostia High School completed a building modernization in 2014, providing the community with exceptional facilities to house academic programs focused on preparing students for college and career readiness. The 2016-17 school year is the inaugural year of the Public Safety Academy, where students earn credits toward the MPD Cadet Program. The school has incorporated the ASPIRE enrichment block into the schedule to provide students with academic interventions, character education, and an opportunity to participate in the performing arts. The school strongly encourages students to participate in athletics and after-school programs to bolster college applications.
