# of grade appropriate public school students living in proposed attendance zone (SY13-14)	297
Boundary participation (% public school students living in boundary and attending) (SY13-14)	21%
Projected 4-10 year old child population change 2014-2020, Neighborhood Cluster 25	87%

Rationale for Proposed Boundary Changes: No changes are proposed. Ludlow-Taylor is under capacity and there are few public school children living in the boundary.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Ludlow-Taylor ES is zoned for and has a right to attend Stuart-Hobson MS and Eastern HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Stuart-Hobson. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
