Projected 4-10 year old child population change 2014-2020, Neighborhood Cluster 33	15%

Rationale for Proposed Boundary Changes: C.W. Harris absorbs some of the zone on the east side. Nalle’s zone also expands south to absorb a portion of the former Davis attendance zone. Nalle is approaching capacity but a low boundary participation rate mitigates concerns of future overcrowding.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Nalle ES is zoned for and has a right to attend Sousa MS and Anacostia HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Sousa. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
