

## WMATA Moderate Snow Plan Affecting Bus Routes Near DC Schools

- The tables below identify WMATA and DC Circulator routes that normally have stops within a 10-minute walk of each school's address. When WMATA implements a Moderate Snow Plan, some routes do not have any changes near the school (identified as "Normal Service"), others make some detours near the school (identified as "Bus Stop(s) Changed"), and some do not operate under the Moderate Snow Plan (identified as "No Bus Service"). Some routes may have additional detours in other neighborhoods. Full snow plan details, including detour maps are located at WMATA's homepage: <https://www.wmata.com/rider-guide/weather/bus/moderate.cfm>
- Actual conditions during inclement weather may necessitate additional or modified detours. Stay up to date with the latest service information by following @Metrobusinfo on Twitter and signing up for MetroAlerts at: <https://www.wmata.com/rider-guide/subscribe/>.
- Information on the status of DC Circulator routes can be found on the homepage of the Circulator website ([www.dccirculator.com](http://www.dccirculator.com)) under "Service Status" and "Service Alerts". Riders can also follow @DCCirculator on Twitter for the most up-to-date service status information.
- School-specific routes: A31, A32, A33, D31, D32, D33, D34, D51, E32, H9, M31, S35, S41, W45, W47 are listed as operating in Moderate Snow. These routes will operate if schools are open, and will not operate if closed.
