Obtaining an Independent Educational Evaluation (IEE) For Your Child
Introduction

Who is this guide designed to support?

- Parents and Guardians of children who have been approved for a funded Independent Educational Evaluation (IEE).
- Providers who conduct the evaluations by providing information on submitting evaluations to DCPS and receiving payment.

What information is included in this guide?

- For the parent: Step by step guidelines for obtaining an independent educational evaluation, which includes your responsibilities, understanding the recommended evaluation(s) for your child, and selecting a provider.
- For the provider: Step by step guidelines for DCPS established vendors, which includes requirements of all IEEs, submissions procedures, and process to receive payment.
- Appendix I: SY 09-10 DCPS/Chancellors Approved Rates

What are the steps to getting a funded Independent Educational Evaluation?

- Receive DCPS approval for a funded Independent Educational Evaluation (IEE)
- Return IEE Acceptance Form to the DCPS representative who authorized the IEE
- Understand what costs are covered
- Understand the type of evaluation recommended for your child
- Locate a provider convenient to you and your child, this provider does not have to be one from the list provided.
- Attend the evaluation
- Give the provider the enclosed invoicing information (For the Provider and Appendix I)
- DCPS follow-up and parent expectations after your child receives an IEE
Section 1 - For the Parent

Step 1 - Receive approval for a funded independent educational evaluation

- If you are receiving this guide, you have also received an approval letter from DCPS to obtain an Independent Educational Evaluation (IEE) for your child at the expense of DCPS. Please retain this approval letter.
- To obtain the evaluation specified in your approval letter, complete the steps in this guide, with special attention paid to Part B as to ensure that all important evaluation submission and billing information for the provider is delivered to them and the invoice is processed by DCPS or the Office of the State Superintendent of Education (OSSE)
- If you have any questions during this process, please contact the DCPS LEA staff person associated with your student (e.g. the Special Education Coordinator, Progress Monitor, or Compliance Case Manager)

Step 2 - Understand what costs are covered

- A provider conducting a funded Independent Educational Evaluation (IEE) will bill DCPS directly, not you the parent. The provider should bill within the DCPS Assessment Rate Guidelines listed in Appendix I. If you choose a provider not on the IEE vendor list, please make sure the provider accepts DCPS rates found in Appendix 1.
- For low incidence evaluations such as Assistive Technology, Adaptive Physical Education, and Vocational assessments not addressed by the Rate Guidelines in Appendix 1, payment will be rendered on a case-by-case basis in conjunction with DCPS, the OSSE, and the provider involved. DCPS or the OSSE will pay reasonable rates for these assessments.
**Step 3 - Understand the evaluation recommended for your child**

Below is a table that outlines evaluations that your child may need. Please look at each evaluation recommended for your child and take note of what is involved and why it is done.

Step 4 - Select and contact a provider

- After you’ve reviewed the type of evaluation recommended for your child (Step 4) you will need to contact one or more potential providers and schedule an evaluation.

Key things to consider in selecting a provider:

- **Capability**: Is the provider able to deliver the recommended evaluation?
- **Location**: Is the provider located somewhere that you can easily get to?
- **Availability**: Is the provider able to schedule an evaluation session at a time that you can attend and will not delay the process for your child?
- **Approval**: Is your provider willing to accept DCPS rates for services? Please see Appendix I for rates information for evaluations. If you have any comments, please contact (202) 442-5423.

When you talk to the provider, make sure that you:

- Explain that you have an authorization from DCPS for an Independent Educational Evaluation (IEE). Providers regularly conduct Independent Educational Evaluations when provided with an authorization form and bill DCPS/OSSE directly. If your provider has any questions or concerns have them contact 202.442.5423
- Confirm the specific evaluation the provider will perform
- Schedule a time and date for the evaluation
- Verify that you know where the evaluation will be conducted

The next page lists some local providers in the Washington, DC area as a place to start your search. You may select a provider not on this list, as long as they are qualified to conduct the assessment your child will receive and except the prescribed OSSE rates (See page 18 for rates).

Step 5 - Attend the Evaluation

- **Be sure to arrive on time for your scheduled evaluation.** When you attend your scheduled evaluation, your provider will interact with you and your child, which may include testing and interviews. Many evaluations take a full day to complete and require your participation.

- **At the start of your evaluation, give a copy of the ‘For the Provider’ part of this guide to the provider.** The provider must use this section of the guide along with the completed evaluation to ensure timely payment for services.

- **For a summary of what’s involved for the specific evaluations recommended for your child, see Step 4 of this guide.**
Step 6 - What follow up to expect from DCPS

- When we receive the completed evaluation report from your selected provider, the DCPS Local Education Agency LEA representative (e.g. the Special Education Coordinator, Progress Monitor, or Compliance Case Manager) assigned to your child will contact you to schedule a review meeting.

- Please also follow up with your DCPS LEA to ensure that the evaluation has been completed and that a review meeting may be scheduled.

- At the review meeting, your child’s DCPS LEA representative will discuss the evaluation findings with you and other DCPS and school personnel. If appropriate, an Individual Education Plan (IEP) for your child may also be created or updated.
Section 2 - For the Provider

Step 1 – DCPS Requirements for Independent Educational Evaluations (IEEs)

If you are in receipt of this document, you have been asked to complete an Independent Educational Evaluation (IEE) for a DCPS student.

The Individuals with Disabilities Education Act (IDEA), 20 U.S.C. 1400, et seq., mandates that all states and school districts must make available a free and appropriate education to all disabled students between the ages of three and twenty-one. States and school districts must ensure that each student receiving special education services must have an Individual Education Program (IEP) that identifies the special education and related services that must be provided to meet each child’s individual needs.

DCPS requires that all funded IEEs summarize in writing:

- The procedures used
- The assessments used
- Results
- Diagnostic impressions
- Relevant recommendations for meeting identified needs of the student

All funded IEE reports must completed by a professional who meets the licensure, certification, and credentialing criteria for his or her discipline in Washington, DC, or the locality of practice, or is appropriately supervised by a clinician who does meet these criteria.

For providers working in Washington, DC, these criteria are listed below:

<table>
<thead>
<tr>

<tr>

<td>Psychological Assessment, Functional Behavior Assessment</td>

</tr>
<tr>
<td>Physical Therapy</td>
<td>Physical Therapy Assessment, Assistive Technology Assessment (depending on referral questions)</td>
<td>License by DC Physical Therapy Board of Licensure</td>
</tr>
</tbody>
</table>

All funded IEE reports must be signed, dated, and on appropriate letterhead.

DCPS expects that all IEE reports will contain an educational component, including an observation of the student in his or her educational environment. All reports should be clearly written and include a robust examination of the student and review of all pertinent historical information relating to the student.

Upon completion of your report, please follow the billing and payment directions below in order to receive payment.
Parent Guide

Step 2 - Billing Information and Invoicing Process

- Please work with DCPS LEA representative of the DCPS student you have evaluated to determine whether the student attends a Non Public, DCPS-LEA Charter, or DCPS school.
- Per the court order issued in Petties v. District of Columbia, civ. Action 95-0148, all payment invoices for DCPS students placed in Non Public schools will be processed by the Office of the State Superintendent of Education (OSSE).
- All payment invoices for students in DCPS schools or DCPS-LEA Charter schools will be processed by DCPS. Details about this distinction may be found at the OSSE website [http://osse.dc.gov](http://osse.dc.gov) under the section “Special Education.”
- In addition to submitting your report to the appropriate address along with the invoice, you should also provide copies of the report to the parent and appropriate DCPS staff member as described in the authorizing document.

For students attending DCPS schools and DCPS-LEA Charter Schools

- Please send a complete invoice, a copy of the authorizing letter, and a copy of the evaluation report to DCPS for processing. The invoice must include the student’s name, date of birth, attending school, and DCPS student ID number. If you have any questions prior, please contact 202.442.5423.

Compensatory Education Service Provider List

A DCPS Office of Special Education Guide
1200 1st Street, NE
Washington, DC 20002
Overview

Dear Parent,

Your child has been found eligible to receive independent compensatory education services. These services were awarded as a result of a compensatory education plan authorized by a DCPS Compliance Case Manager or ordered by an independent hearing officer. The duration, intensity, and maximum cost of these services are detailed in the attached authorization letter. These services are rendered outside of the school day and provided at no cost to you.

Below, you will find a list of some local independent related service providers that may be able to provide services to your child. This is not a complete list of providers in the area. You should feel free to choose any provider that you believe will best serve your child, as long as he or she is not employed by the Government of the District of Columbia and works within the guidelines (licensure and cost) contained in the authorization letter. DCPS does not endorse any related service provider or tutor and this guide is merely intended to assist you in locating a provider. You are also able to change providers if you not satisfied with the vendor’s services.

In addition to the list of service providers, we have also provided the billing guidelines that your provider must use to receive payment for these services. Providers should bill DCPS directly.

Our team is happy to assist in any way that we can and answer any questions that you may have. If you have any concerns or need any help in this process you may contact the Office of Specialized Instruction at 202.442.5423.

Regards,

The Office of Specialized Instruction – Compliance and Monitoring Team
Individual Specialized Instruction

Individual specialized instruction is one to one instruction provided by a qualified special educator. Unlike traditional tutoring services which support students in completing assignments, individual specialized instruction services should help a student develop and fine tune his or her basic skills in the core academic areas of reading, math, and written expression.

Applied Behavior Analysis (ABA) Providers

ABA is a research-based methodology that has proven to be effective for children with autism. It is a behavioral based therapy that teaches children basic skills, using discrete trial methods and it can also be used to help children learn language. It can also be effective in decreasing behaviors for children with autism. It is typically used for younger children with autism or for older children who are more impacted by autism. The services are usually provided in the home and there is a parent-training component that can empower parents.

The way that ABA is provided is that there is typically a consultant, who is usually certified in Behavior Analysis and then there are therapists, either college students or graduate students who provide the therapy and work one on one with the kids.
