

SY18-19 to SY19-20 Teacher Retention Fast Facts

In School Year 2019-2020, **76 percent** of DCPS teachers returned to the same school they taught at in School Year 2018-2019, a nearly **8 percentage point increase** in retention from 10 years ago.

Nearly 84 percent of our effective and highly effective teachers returned to the same school; and **93 percent** of effective and highly effective teachers were retained within DCPS.

The retention rate of highly effective educators holds true across our high-poverty schools (**90 percent** retention rate) and low-poverty schools (**91 percent** retention rate), a trend counter to what many districts are experiencing nationally.

In School Year 2019-2020, schools in all 8 wards retained **over 85 percent** of their teachers at their school.

Historically, exit survey data indicates that the most common reasons teachers choose to leave DCPS are relocation or retirement.
