STRATEGIC PLAN REFLECTING AND REFINING 2022 ENGAGEMENT SUMMARY

DCPSstrong.com

GOVERNMENT OF THE
DISTRICT OF COLUMBIA
MURIEL BOWSER, MAYOR

Students

- **Expand extracurricular/enrichment opportunities**
- Foster more respect & community
- Foster more student engagement & amplify student voices
- Improve equity in all schools
- **Provide additional supports for the transition from middle to high schools and after high school opportunities**

Families & Caregivers

- **Increase clubs & extracurricular opportunities**
- Improve transparency & communication
- Further celebrate diversity
- Increase mental health supports
- Teach essential life skills
- Promote teacher retention
- **Enhance college & career readiness supports**

Staff

- **Provide additional out-of-school enrichment opportunities**
- Include staff further in decision-making
- Improve staff retention & recruitment
- Increase mental health supports
- **Provide additional resources & training for success**

Access our summary document here: <https://dcpstrong.com/strategic-plan/>

CAPITAL COMMITMENT

2023-2028

ONE

EQUITY IMPERATIVE:

All DCPS students have access to the **tools, support, and resources** they need to succeed.

TWO

COMMITMENTS:

Value our people.
Partner with our community.

THREE

STRATEGIC PRIORITIES:

SUCCEEDING
ACADEMICALLY

CONNECTED
TO SCHOOLS

PREPARED FOR
WHAT'S NEXT

CAPITAL COMMITMENT

2023-2028

OUR GOALS

SUCCEEDING ACADEMICALLY

DCPS students are **MATHEMATICALLY STRONG.**

DCPS students are **READING AND WRITING** across all subjects.

CONNECTED TO SCHOOLS

DCPS students are **SAFE** and have a **SENSE OF BELONGING.**

DCPS students have **EQUITABLE ACCESS** to opportunities.

PREPARED FOR WHAT'S NEXT

DCPS students **GRADUATE ON TIME.**

DCPS graduates participate in a **POSTSECONDARY PATHWAY.**

Our Grading Philosophy and Values Should Guide our Policy

Philosophy: DCPS believes that grades are in the service of ongoing learning, to provide timely feedback and plan for personalized instruction, while making a record of growth and development over a student's school career

Grades are:	Grades are not:
<ul style="list-style-type: none">• A measure of a state of skill and knowledge of content taught and learned based on Common Core Standards and the DCPS Curriculum• Based on standards-based evidence of student learning demonstrated in foundational course engagement, assignments and assessments• A tool to grow intrinsic motivation• Transparent and consistent among all schools, within set parameters• Accessible and available for revision and improvement throughout the term• Provided frequently and accurately	<ul style="list-style-type: none">• A reward and punishment behavior management tool• Based on institutional compliance or compatibility• Arbitrary and biased• Closed or final before the end of a term• A mechanism used to sort students and perpetuate opportunity gaps• A tool for teaching accountability of consequential lessons to students

Today's Goals

Objectives

- Become Familiar with Context of Grading Policy Changes
- Provide Feedback on Grading Policy Decision Points for SY24-25 and beyond
- Understand Next Steps in Revising the Grading Policy

DCPS Current Secondary Grading Policy

DCPS is focused on accelerating growth for students of all identities and abilities by ensuring equitable access to opportunity and removing barriers to learning.

The secondary grading policy conveys DCPS requirements related to grading and reporting on student academic progress for students in grades 6 through 12.

This policy was updated in SY20-21 and 21-22 during and after the COVID-19 public health emergency.

Grade Policy Changes since 2018

Category	<u>DCPS Secondary Grading and Reporting Policy (Effective 2018)</u>	<u>SY 20-21 PreK- 12 Grading Policy (Effective SY20-21)</u>
Term mark calculation (categories and weights)	Term grade calculations are based on Student Participation (10%), Student Practice & Application (50%), and Assessment (40%).	**Term grade calculations are based on Student Engagement (20%), Practice and Application (40%) and Assessment (40%)
Final mark calculation (impact of midterms and finals)	Average of all term grades and up to 10% for a midterm and 10% for a final exam	Average of all term grades (no additional weighting for midterms or finals)
Publishing final marks (grade scale)	All students receive traditional A-F grades.	**All letter grades of “A” or “B” earned will automatically be published on a student’s transcript. All letter grades of “C” or “D” earned will automatically be published as a “P” on a student’s transcript. Students who earn a failing final grade will be assigned an “I” for incomplete.

** Changes were temporary and have now reverted to the previous policy.

Grade Policy Changes since 2018 (continued)

Category	<u>DCPS Secondary Grading and Reporting Policy</u> (Effective 2018)	<u>SY 20-21 PreK- 12 Grading Policy</u> (Effective SY20-21)
Late Work (make-up work, work submitted after deadline, retesting)	<ul style="list-style-type: none"> Each school shall specify a reasonable period of time for completion of makeup work, which shall be no less than one full calendar day for each day missed. Teachers should follow standard grading procedures when grading makeup work. 	<ul style="list-style-type: none"> Students are not penalized for late submission of work.
Assigning a value to unsubmitted work (WS Code)	Not covered in policy; lots of inconsistencies in how schools handle unsubmitted work.	Implemented the Waiting for Submission (WS) Code , which is calculated at 50% and allows for distinction between missing and failed assignments.

Why reexamine the secondary grading policy?

- DCPS is committed to continuous improvement and to prepare our students for post-secondary success. DCPS is considering select changes to the secondary grading policy and would like critical stakeholders' feedback.
- This fall, the Washington Teachers' Union (WTU) provided policy recommendations to DCPS regarding its secondary grading policies.

Today's Goals

Objectives

- Become Familiar with Context of Grading Policy Changes
- **Provide Feedback on Grading Policy Decision Points for SY24-25 and beyond**
- Understand Next Steps in Revising the Grading Policy

1. Late Work

Currently, late work is accepted at any point within the term, and all assignments are due by the end of the term.

DCPS is considering the following options. Which option would you advocate for and why?

- 1 Keep the policy the same
- 2 All assignments due 2 weeks before the end of the term
- 3 Incorporate a midpoint deadline: 5 days before progress reports are due and 5 days before end of term

2. Academic Integrity

DCPS does not currently have a specific policy, but Chapter 25 of the DCMR categorizes plagiarism as a tier III behavior that can result in the reduction of grades.

Which of the following should DCPS prioritize when establishing a district-wide academic integrity policy?

- 1 Failing grade for any offense, including inappropriate use of Artificial Intelligence. No opportunity for resubmission.
- 2 Failing grade for any offense but allow resubmission of assignment for partial credit.
- 3 Restorative justice process

3. Failure due to Absences (FA)

Currently, students automatically earn an F if they have 30 unexcused absences in any course, including half credit courses. DCPS is considering the following options for school year 2025-2026.

Which option would you advocate for and why?
Are there other options that you don't see listed?

- 1 Keep the policy the same
- 2 Change the requirements for half credit courses from 30 days to 15 days
- 3 Get rid of this policy altogether

*Any potential changes to this policy will likely not go into effect until SY25-26 as it will require regulatory change.

Today's Goals

Objectives

- Become Familiar with Context of Grading Policy Changes
- Provide Feedback on Grading Policy Decision Points for SY24-25 and beyond
- **Understand Next Steps in Revising the Grading Policy**

Next Steps (Draft Timeline)

Dates	Action
Jan/Feb 2024	Stakeholder engagement Survey Closes 2/9
March 2024	Decision point memo for leadership review with stakeholder feedback incorporated
April 2024	Final decisions made by leadership
May 2024	Final policy issued
Summer 2024	System implementation and Policy training
Fall 2024	Changes go into effect for SY24-25
Fall 2025	Changes on the FA policy go into effect for SY25-26, if applicable

Thank you!

DCPS Becoming

Chancellor's Parent Advisory Board

January 25, 2024

Meet Your Facilitator

Mike Lamb

**Deputy Chief,
Learning and Development Sciences**

THANK YOU!!!!!!

Session Goals

- Share DCPS approach to educating the whole child and to equity
- Learn from parents about what creates a Sense of Belonging

SEL Opener | Your Journey

SEL Competency: Self-Awareness and Social Awareness

- Think back to your own experience in school growing up.
- What grade did you experience the most joy and fun in school? What made that so?
- What teacher did you feel the strongest relationship with? What made that so?
- Looking back, what grade did you learn the most in school? What was the context around you that year?

HISTORIC DESIGN OF U.S. EDUCATION:

Most students are average, talent is scarce (male and white)

Schools should be sorting mechanisms

Success or failure is solely a result of merit

Quality is more important than equality or equity

Skills exist in a potential state
in *all children*

Waiting to be activated
By favorable learning
conditions

Context—

our environment, experience,
and relationships—drives our
biology, the expression of our
genes, and thus our ability to
reach our full potential.

DCPS Becoming: The Impetus for Our Work

DCPS has been recognized as **the fastest improving district in the country**, yet still has significant disparities for students of color, special education students, and English language learners.

Those **disparities are not the result of inherent deficits in students**, so we must transform our system and practices to support students furthest from opportunity so they can reach their full potential.

ES Report Card Alignment to Whole Child Research

The new ES report card **eliminates problematic concepts** and **emphasizes social emotional learning**, highlighting an area where the child **demonstrates a strength** and including **practical strategies to support families in reinforcing SEL.**

Social Emotional Learning

DCPS teachers work to support student social-emotional growth throughout the instructional day, focusing on Self-Awareness, Self-Management, Social and Cultural Awareness, Relationship Building, and Demonstrating Agency.

Jade has shown **significant growth or strength** in this area:

Self-Awareness: Recognizing and understanding your emotions and how they impact your actions. Identifying your personal strengths, interests, values, and challenges

For example, Jade:

- Advocates for their personal needs and interests
- Identifies ways that they can use their individual strengths to solve problems or help others
- Recognizes the connection between their thoughts, emotions, and behavior

Ways to practice social emotional learning at home:

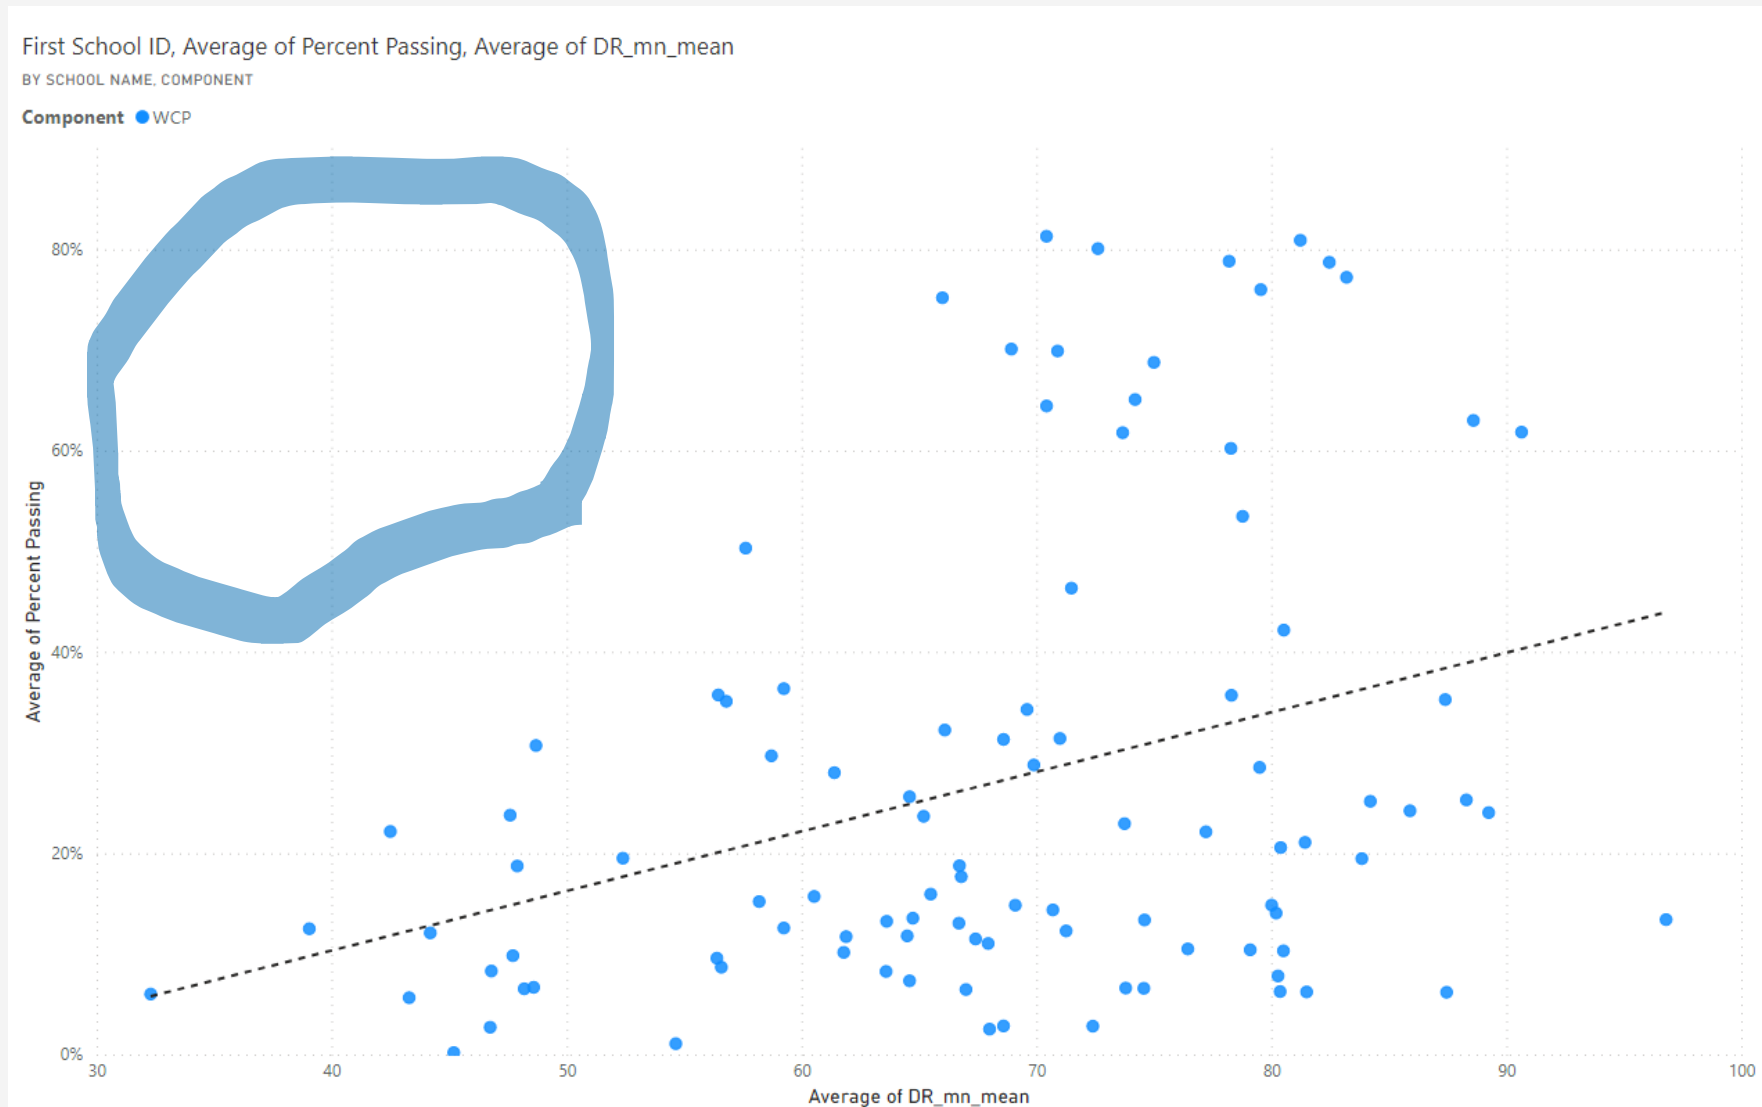

- Play games where your child has opportunities to practice taking turns
- When reading stories, ask your child to talk about the different emotions that characters might feel and how they might respond to a situation based on those emotions
- Talk about the different strengths that members of your family and community have and how those strengths benefit your family or community

Essential Question / Pregunta Esencial

What would it mean for your child and your family if your DCPS school supported your *whole child*?

All ES: Developmental Relationships Connected to PARCC Scores

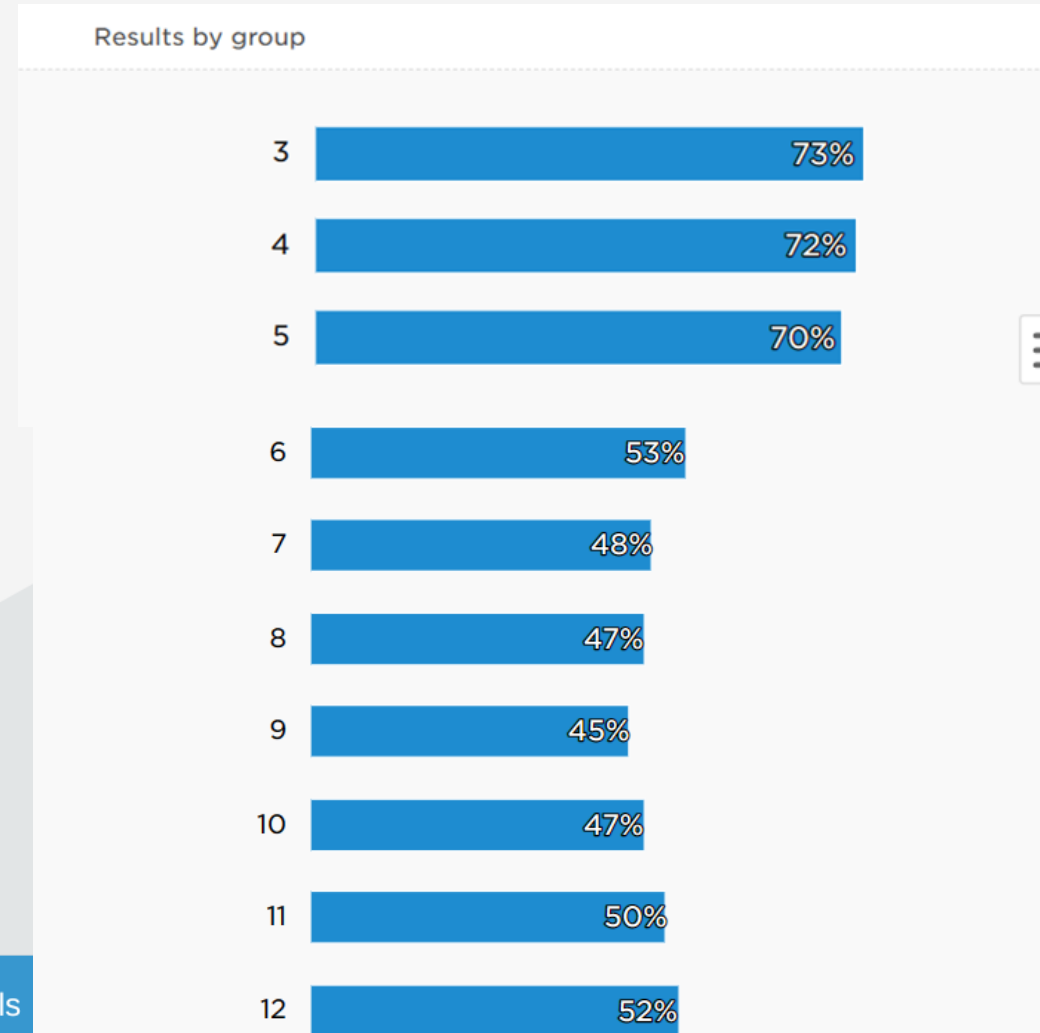

All ES: Developmental Relationships Connected to PARCC Scores

If we were mapping backwards from the idea that strong Student Relationships Structures was connected to increasing learning and PARCC Scores—there are no schools with medium or high PARCC scores and low Relationships Structures—what would you/your school prioritize doing?

Belonging Inflection Point—5th to 6th grade

- DCPS launched 6th Grade Academies this summer to deepen students' experiences of connection, belonging and academic readiness for middle school

Highest Response Rate, Highest Loved Index

- Belonging/Loved Data
 - DCPS administers the Panorama Student Survey each Fall and Spring
 - This Fall, DCPS had:
 - The highest student response rate ever—78%
 - The most number of students responding ever
 - 98 schools met the 80% threshold response rate goal—most ever
 - In terms of Loved data, DCPS had:
 - The highest percentage of students reported feeling Loved ever
 - The largest Spring to Fall improvement ever—4 points
 - The largest Fall to Fall improvement ever—5 points

Strategies that Impact Loved/Sense of Belonging

Reflection Question:

- In your experience, what would be most helpful for your child to feel a Sense of Belonging in school?
