**Targeted Project Completion Date:** Summer 2023

The facility at 4350 MacArthur Boulevard was purchased by DCPS to house its first new public neighborhood high school since the 1970s. The stabilization project, or “Phase I” of construction, is scoped to bring the portion of the building that is opening for School Year 2023-2024 up to DCPS operational standards. This includes the construction of a kitchen/cafeteria space, ensuring data and connectivity, and improving security and access control systems. Please note this project will be followed by a capital construction project that will further improve and expand the building to house the eventual full program.
