

IMPACT*plus*/LIFT Permanent Farm Status

Updated March 2016

Context

The following list of high- and low-poverty schools will be used for the purposes of determining LIFT and IMPACT*plus* bonuses and service credits. This list of schools' poverty status was first used in SY13-14 and was to remain in place for the duration of the five-year Capital Commitment. This update does not change the poverty status for any school previously listed; the list now includes the poverty status for any new school to DCPS in SY15-16.
