PUTTING GROWTH FIRST

DCPS has seen continuous improvement in student achievement because of the extraordinary passion, skill, joy, and talent teachers, school leaders, and staff bring to work each day. DCPS employees help make schools welcoming environments and support students' intellectual, social-emotional, and physical needs — all of which are critical to student success. To both build on past success and accelerate efforts to close the achievement gap, we must continue to concentrate our work on ensuring all students feel loved, challenged, and prepared to positively influence society and thrive in life.

IMPACT reflects our belief that everyone in our system plays a critical role in improving student outcomes. With an outstanding teacher in every classroom and excellent staff members throughout our schools, our students will graduate prepared for success. IMPACT supports professional growth by:

- 1. Clarifying Expectations** — IMPACT outlines clear performance expectations and provides a common language of success for all school-based employees.
- 2. Providing Frequent and Meaningful Feedback** — Quality feedback is a key element in improving one's practice. Regular feedback opportunities support reflection and action planning toward excellence.

The success of our students hinges on the work you do every day. Your professional growth is critical to the DCPS mission and is cultivated through a clear vision of excellence paired with meaningful and aligned feedback opportunities.

OVERVIEW

As a school leader, you help set the tone, culture, and strategic direction for your school. Your leadership is a critical factor for driving student achievement by putting the necessary relationships, structures, and systems in place each year.

What are the guiding principles for School Leader IMPACT?

Several guiding principles help to ensure that School Leader IMPACT is a well-designed, rigorous evaluation system:

- **Student Achievement-Focus:** Focus school leaders' energy on student learning
- **Simplicity:** Clarify DCPS' expectations and priorities for school leader performance
- **Transparency:** Illuminate all aspects of the process, especially how human capital decisions are made
- **Consistency:** Ensure school leaders experience the same process across clusters, levels, and positions

What are the IMPACT components for assistant principals?

Your evaluation as an assistant principal (AP) is made up of the following two categories: Leadership Framework Standards and Student Outcome Goals. The evaluation components emphasize the importance of both student achievement growth and the leadership practices that demonstrate your impact on your students and your school community. Each is explained in greater detail in the following sections of this guidebook.

Leadership Framework Standards

- **Leadership Framework (LF) Assessments** — This is a measure of the effectiveness of your leadership practices on improving student learning. LF Assessments will include both qualitative and quantitative measures of your impact on your school and your students along six key standards: Instruction, Talent, School Culture, Operations, Family & Community, and Personal Leadership. Assistant principal LEAP Leaders receive feedback on their LEAP leadership through the Instruction, Talent, School Culture, and Operations standards of the LF.

Student Outcome Goals

Each student outcome goal emphasizes a different aspect of an assistant principal's school-level impact on student learning outcomes and will help DCPS ultimately meet its Capital Commitment Goals. Also, Student Outcome Goals are differentiated by school level and content focus of the assistant principal, as applicable, to reflect the unique priorities and needs of different schools.

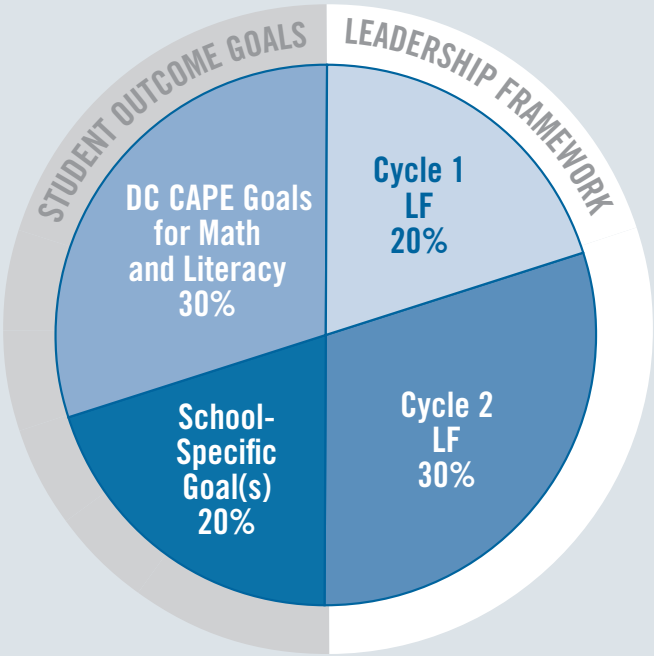

Elementary Schools, Education Campuses, Middle Schools, and High Schools

- **DC CAPE Goals** — This is a measure of achievement over the course of the year as it relates to the annual DC CAPE exam. The current focus of these goals will be increasing student proficiency and reducing the percentage of students scoring at the lowest levels. These goals may be adjusted depending on the baseline of the school. Assistant principals who focus on a particular content area may have DC CAPE goals aligned to their content area at the discretion of their principal.
- **School-Specific Goals** — These are student outcome goals, based on measures other than the DC CAPE, that are pertinent to your school context. These goals are either specific to your area of focus or, when applicable, shared with your principal.

Non-Traditional Elementary Schools, Education Campuses, Middle Schools, and High Schools Using an Assessment Other Than DC CAPE

- **School-Specific Goals** — You will share any of your principal's school-specific goals that you and your principal deem relevant for you. You may also set goals that are specific to you based on your areas of focus within your school.

IMPACT COMPONENTS FOR ASSISTANT PRINCIPALS

What are DCPS' core expectations for school leaders?

As the public face of their schools and the district, school leaders are expected to model integrity, ethics, and professionalism. They must embody the belief that every child can achieve at high levels and work every day to build their school into a caring and supportive community. School leaders must ensure that each of their actions, without exception, meets the highest legal and ethical standards. They must do everything in their power to protect children from harm or abuse. They must also treat students, parents, teachers, and other community members as valued partners, showing respect, humility, and integrity in all of their interactions.

What is the Leadership Framework?

Building on these core expectations, the Leadership Framework (LF) defines effective school leadership within DCPS. It outlines the key leadership strategies and practices that we believe lead to increased student achievement. The framework has six Leadership Framework standards. The six LF standards are: Instruction, Talent, School Culture, Operations, Family & Community, and Personal Leadership.

Why do we need a Leadership Framework?

The Leadership Framework is essential to the work of increasing student achievement in two fundamental ways. First, it provides a common language for effective leadership practices, which enables us to align all of our professional development to these six standards. Second, it provides clear expectations for school leaders, thereby creating the foundation for a comprehensive evaluation system like School Leader IMPACT.

Who developed the Leadership Framework?

School leaders, DCPS central office staff members, and many others participated in the initial development of — and subsequent revisions to — the Leadership Framework. As part of that process we consulted numerous sources, including:

LEADERSHIP FRAMEWORK FOR ASSISTANT PRINCIPALS

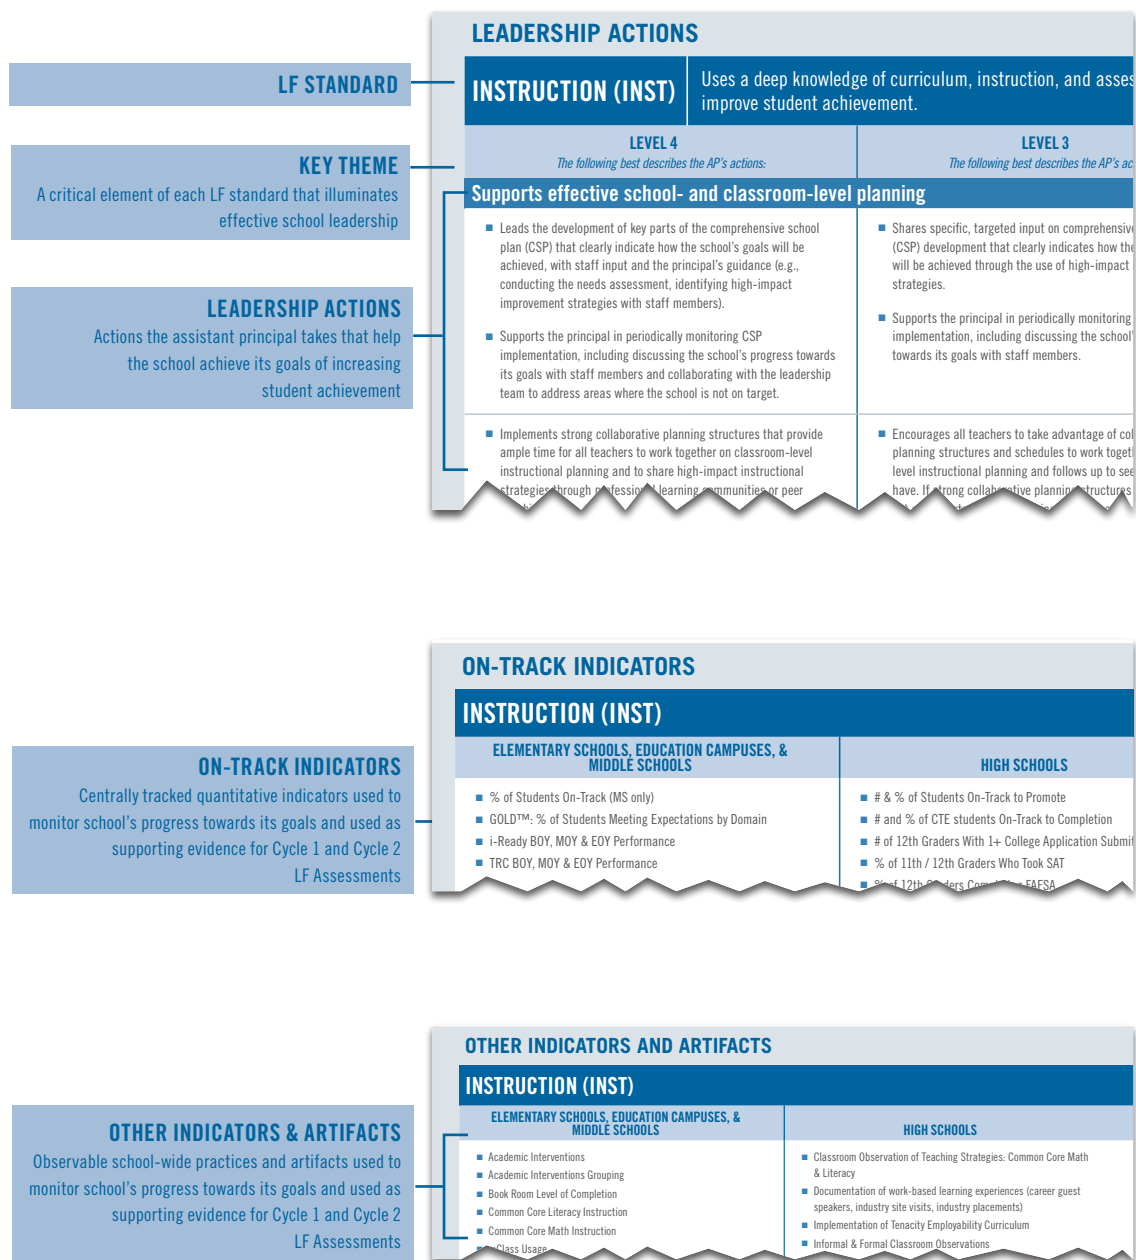

**Applicable to assistant principal LEAP Leaders only.*

Note: "Instruction" will be assigned a weight of 25% while the other LF standards will be weighted at 15%.

How is the Leadership Framework rubric structured?

For each LF standard, the rubric outlines key themes, detailed descriptions for each performance level along each key theme, and performance indicators.

Plans for purposeful LEAP Seminars (Assistant principal LEAP Leaders only)

- LEAP Leader differentiates seminar content and/or activities to meet the needs of individual LEAP Team teachers.

*For example, the LEAP Leader:**Level 3 examples AND*

- Tailors the seminar to a teacher's skill level and/or learning style
- Conducts artifact analysis to identify individual teacher needs
- Adapts seminar content and delivery to address misconceptions of individual teachers
- Modifies tasks and activities to promote planning and practice around areas of need

- LEAP Leader prepares for the seminar by internalizing the content and plans challenging seminars with clear outcomes tailored to the needs of the LEAP Team.

For example, the LEAP Leader:

- Reviews the seminar content such that he/she can deliver content fluently
- Prepares materials (e.g., handouts, anchor charts, PowerPoints) in advance
- Anticipates teachers' misconceptions and plans to address them
- Strategically leverages the specialized instruction (SPED, EL) resources when planning for LEAP Seminars
- Collects and analyzes teacher artifacts and student work to inform seminar outcomes (e.g., consistently utilizes DCPS Planning Protocols [i.e., Weekly Data Meetings, Weekly Planning Meetings, Unit Planning] related to reviewing student work to support teachers in identifying gaps and planning strategies for reteaching)
- Strategically incorporates a broad range of data (e.g., academic, attendance, SEL, classroom environment) to promote a holistic discussion aligned to an anti-racist, whole-child approach

Facilitates purposeful LEAP Seminars *(Assistant principal LEAP Leaders only)*

- LEAP Seminars are well-facilitated and teachers consistently spend the majority of the time doing meaningful cognitive work such as planning/practice, reflection, challenging tasks, or other forms of application.

For example, the LEAP Seminar:

- Includes opportunities for feedback during the application portion of the seminar
- Encourages participation so the conversation is balanced, diverse, and inclusive
- Connects agenda items to seminar outcomes
- Thoughtfully addresses needs and priorities of SPED and EL teachers, as applicable
- Includes observable, sequential directions, clear and concise explanations, and/or emphasizes key points
- Includes opportunities for teachers to engage in student work analysis in which a whole-child lens (not academics or behavior in isolation) is maintained, data by subgroup is disaggregated, and the role of adult beliefs and actions is analyzed for its effect on student experience
- Includes regular checks for understanding to assess teachers' progress
- Supports shared learning with and among teachers
- Features mostly open-ended, non-rhetorical questions to deepen awareness and create new insight, includes think time, listens actively, and probes to follow up

- LEAP Seminars are well-facilitated and include sufficient opportunities for teachers to do meaningful cognitive work such as planning/practice, reflection, challenging tasks, or other forms of application.

- Connects action steps/priorities to prior feedback/suggestions for improvement
- Provides specific action steps/priorities that are relevant to both upcoming lessons and long-term planning and grounded in student data
- Establishes purpose for action steps/priorities by explaining how they promote progress toward larger goals

- LEAP Leader uses data* to assess teachers' coaching needs and effectively plans for application of high-leverage action steps.

For example, the LEAP Leader:

- Prepares action steps/priorities for teachers aligned to data gathered from LEAP sessions or other coaching touchpoints
- Plans probing questions and/or prompts that promote teachers' reflection
- Strategically chooses artifacts from the observation to prompt reflection
- Analyzes teacher practice data and uses data to inform action steps/priorities (e.g., if data analyzed is student work, the LEAP Leader analyzes specifically for student groups that are a focus area for their school)
- Identifies appropriately granular instructional adjustments
- Uses knowledge of best practices for SPED and EL teachers (e.g., co-teaching) to create appropriate action steps/priorities

SCHOOL LEADER IMPACT PROCESS

The annual evaluation process for assistant principals* has the following three major steps:

Step 1: Goal Setting

The goal-setting process begins with metric selection that allows you to create alignment to the Comprehensive School Plan (CSP) and allows AP and TAS goals to flow from principal goals. After principals have selected their metrics, you may meet with your principal to discuss your goals for the upcoming school year and to select the metrics on which you would like to focus.

After selecting metrics, you will select targets for those metrics. These targets will be approved by your principal, superintendent, and school-level chief. For any metrics that have standardized targets, the targets for your goals will be populated onto your IMPACT dashboard once baseline data is available. Further information regarding the goal-setting process can be found in the annual School Leader Goal-Setting Guidance document.

To ensure informed, data-driven goals, in advance of selecting your goal metrics you should review various sources of data and other information, including:

- The latest version of your school's CSP;
- Your previous year's school performance data, focusing on the school's areas of strengths and needs;
- DCPS' Strategic Plan;
- Your own leadership growth area(s).

**Assistant principals are evaluated by their principal. If the principal is unable to act as the evaluator, the instructional superintendent may evaluate the assistant principal.*

Step 2: LF Cycle 1 Assessment and Performance Conversation

In November, the LF Cycle 1 Assessment process will begin with a self-assessment of your performance in leading your school since your appointment or reappointment date. When writing your self-assessment, you will highlight actions and results aligned to each of the six LF standards. To facilitate this process, you will review data that captures your school's results-to-date on the On-Track Indicators for all LF standards. Your principal will review the same data as he/she assesses your performance at mid-year, helping to ensure consistency and transparency in the evaluation process.

Once your self-assessment has been completed, your principal will complete LF Cycle 1 scores and comments based on your performance, taking into account various data points from your self-assessment, On-Track Indicators, Other Indicators and Artifacts, and his/her own observation notes since your appointment or reappointment date.

Within 30 calendar days of your LF Cycle 1 assessment being finalized, your principal will hold a one-on-one performance conversation with you to review performance to date, celebrate key accomplishments, and identify key areas of focus.

Step 3: LF Cycle 2 Assessment and Performance Conversation

In May, the LF Cycle 2 Assessment process will begin with your self-assessment of your performance in leading the school since LF Cycle 1. When writing your self-assessment, you will highlight key leadership actions and data that supports the six LF standards.

Your principal will complete LF Cycle 2 scores and comments based on your performance, taking into account various data points from your self-assessment, On-Track Indicators, Other Indicators and Artifacts, and his/her own observation notes since LF Cycle 1. Within 30 calendar days of your LF Cycle 2 assessment being finalized, your principal will hold a one-on-one performance conversation with you to review your performance and to begin planning for the new school year.

BOY School Leader IMPACT Conference

By the end of September, your principal will meet with you to go over LF expectations and particular areas of focus. They may also utilize that meeting to align on the metrics to include within your School-Specific Goals with School Leader IMPACT. This will also be an opportunity for you to highlight your vision for your growth as a school leader and how your principal can support you in that growth.

SUPPORTING YOUR SUCCESS

Professional development is critical to our success as a school system. Research shows that the best schools are those focused on the learning of children *and* adults. This is why providing school leaders and educators with outstanding support is a top district priority. Below you will find more information about professional learning opportunities designed to help you improve your leadership practice.

Targeted Support from Principal

As outlined in the Leadership Framework rubric, we expect principals to understand each leadership team member's strengths and areas of growth, build their team member's capacities, provide targeted professional learning opportunities that address individual developmental needs, and groom future leaders from within the school community.

Instructional Culture Insight Survey

DCPS administers the Instructional Culture Insight survey each year to gather feedback from teachers. With the guiding principle that this feedback can help guide school improvement, the survey offers two opportunities each year for leadership teams to review their school's progress on teacher development and support. School leaders receive a school-specific roadmap highlighting specific topics of focus and actions to match best practices, as well as aligned tools that school leaders can use immediately to improve practices in their buildings. Results also enable DCPS to develop more targeted professional development for school leaders and support from instructional superintendents.

LEAP Support for Assistant Principals

LEAP Leaders receive content resources to ensure they are setup to successfully lead their LEAP Teams and support their teachers at the school level. They also have opportunities to participate in workshops to develop adult leadership skills and build off of their learning. Finally, many LEAP Leaders in high-needs schools receive leadership coaching, which offers personalized development for LEAP Leaders to grow their adult and instructional leadership capacity.

For more information about LEAP, please contact the LEAP Team at LEAP@k12.dc.gov or visit the LEAP webpage at <https://dcps.dc.gov/page/leap-teacher-professional-development> or the LEAP page on Canvas at <https://dcps.instructure.com>.

PUTTING IT ALL TOGETHER

This section is designed to help you understand how all of the components of your assessment will come together to form an overall annual IMPACT rating.

In order to effectively transition out a current school leader and bring a new school leader on board to plan for the upcoming school year, DCPS needs to confirm reappointment decisions before student achievement results become available in the summer. Thus, school leader IMPACT results inform, but do not dictate, AP reappointment decisions.

In addition to the LF score, which includes concrete indicators and evidence, reappointment decisions will consider the following factors:

- Assistant principal's length of time in the school;
- Assistant principal's performance history;
- Student achievement performance trends over time; and
- School context (i.e., significant shifts in student population, school level/size).

How will final IMPACT ratings be determined?

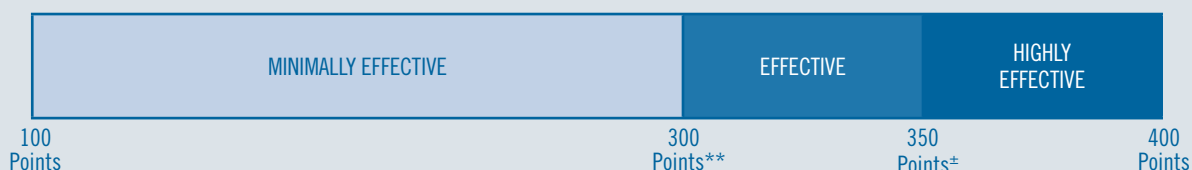

Once each component is scored, its score is multiplied by its percentage. This creates “weighted scores” for each component, and the table below provides an example.

SAMPLE SCORE

COMPONENT	COMPONENT SCORE		PIE CHART PERCENTAGE	WEIGHTED SCORE
Cycle 1 Leadership Framework	3.20		X 20	= 64.0
Cycle 2 Leadership Framework	3.30		X 30	= 99.0
Goal Scores	DC CAPE Goal 1	3	X 7.5	= 152.5
	DC CAPE Goal 2	4	X 7.5	
	DC CAPE Goal 3	1	X 7.5	
	DC CAPE Goal 4	3	X 7.5	
	School-Specific Goal 1	3	X 10	
	School-Specific Goal 2	4	X 10	
Total				316

The weighted scores are then added to arrive at a total score, and a preliminary rating for all school leaders is determined using the following scale:

OVERALL IMPACT SCALE*

**All reappointed school leaders will receive one of the ratings above*

***A score of exactly 300 would be classified as Effective*

±A score of exactly 350 would be classified as Highly Effective

To ensure accurate and fair ratings for all school leaders, the Chancellor and school-level chiefs will meet to collectively discuss and finalize all assistant principals' final IMPACT ratings.

Note: If you are not employed by DCPS for the entire year (for example, because you join the school system partway through the year), or if, while employed by DCPS, you have an absence which causes you to miss one or more of your LF assessments, DCPS may at its discretion make adjustments to the IMPACT system to ensure that you receive a final IMPACT score for the year. DCPS will provide notice of any such modifications prior to their implementation.

What will the School Leader IMPACT ratings be and what do these ratings mean?

- **Highly Effective:** This rating signifies outstanding performance and indicates that an assistant principal has the ability to teach other school leaders. Assistant principals who earn Highly Effective ratings are considered for Standing Ovation Awards, may be tapped for district leadership opportunities, and will receive an IMPACT*plus* performance bonus.
- **Effective:** This rating signifies solid performance. Assistant principals who earn Effective ratings are provided with developmental opportunities throughout the school year and tapped for leadership development opportunities.
- **Minimally Effective:** This rating signifies that an assistant principal is experiencing challenges and/or struggles, and may need additional support to improve. Principals will prioritize working with these assistant principals to identify their specific developmental needs and provide targeted professional development resources. Assistant principals with a Minimally Effective rating will not receive a step increase for the following school year.

When a school leader transitions to a school-based, non-school leader position, the prior year's School Leader IMPACT rating will be linked to any subsequent staff IMPACT ratings for separation determinations. This separation determination can occur in two progressions. First, if an individual's prior year School Leader IMPACT rating is Minimally Effective and followed by a staff IMPACT rating of Minimally Effective or Ineffective, this will result in separation from DCPS. Second, if an individual's prior year School Leader IMPACT rating of Minimally Effective is followed by two staff IMPACT ratings of Developing, this will also result in separation from DCPS.

What can I do if I disagree with my final rating?

If you receive a final IMPACT rating of Minimally Effective and you would like to appeal your rating, you may file a formal appeal to the Chancellor. A three-member panel comprised of senior leaders in DCPS will convene to review all appeals and provide a recommendation to the Chancellor, who will make a final decision. More information regarding the Chancellor's Appeals process will be shared with eligible employees.

Note: Employees may have other appeals options available through CSO's collective bargaining agreement and are encouraged to contact their union representative for more information.

IMPACT^{plus} FOR SCHOOL LEADERS

What is IMPACT^{plus} for School Leaders?

IMPACT^{plus} for School Leaders is the performance-based compensation system for all DCPS principals and assistant principals.

Why does DCPS have a performance-based pay system?

We feel that it is essential to demonstrate how much we value the work that you do. We recognize that you did not choose to enter the field of education for monetary reasons. But we also recognize that you deserve to be compensated as true professionals.

Who is eligible for IMPACT^{plus} for School Leaders?

Any school leader who earns an IMPACT rating of Highly Effective is eligible for an annual bonus.

How does the annual bonus work?

To qualify for an IMPACT^{plus} annual bonus, you must have an IMPACT rating of Highly Effective. With this rating, you will be eligible for an annual bonus according to the chart below.

ROLE	YOUR IMPACT RATING	YOUR BONUS	YOUR ADD-ON IF YOU LEAD A HIGH POVERTY SCHOOL	YOUR ADD-ON IF YOU LEAD A CSI SCHOOL	YOUR TOTAL POSSIBLE ANNUAL BONUS
Principal	Highly Effective	\$20,000	\$5,000	\$5,000	\$30,000
Assistant Principal	Highly Effective	\$10,000	\$2,500	\$2,500	\$15,000

Note: A list of each school's poverty level and Comprehensive Support and Improvement: Low Performing (CSI) status is available on Canvas.

If I retire at the end of the school year, will I be eligible for IMPACT^{plus}?

Yes, you will be eligible for the bonus as long as you have a Highly Effective rating. If you retire *before* the end of the school year, you will not be eligible for IMPACT^{plus}.

If I resign at the end of the school year, will I be eligible for IMPACT^{plus}?

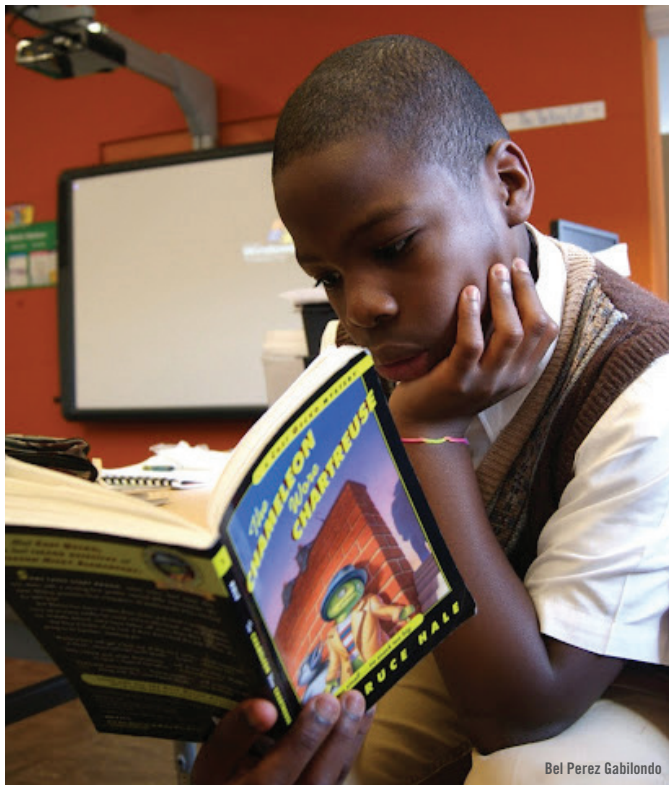

No. In addition to recognizing and rewarding excellent school leaders, IMPACT^{plus} aims to retain them. Thus, to be eligible for the bonus, you must be employed by DCPS at the time of award distribution, unless you have retired.

When will I receive any payments associated with IMPACT^{plus}?

All payments will be made in the following academic year.

Will payments associated with IMPACT^{plus} be subject to District of Columbia and federal income taxes?

Yes.

CONCLUDING MESSAGE

This system is called “IMPACT” because you, the adults serving in our schools, have the ability to make a dramatic, positive impact on our students’ lives. In fact, DCPS is on the rise because great educators and staff like you support our students in and outside the classroom. The vibrant, dedicated, and diverse adults in our schools drive our achievements, including a rising enrollment rate, improved student achievement, and increased student satisfaction.

While the goals we set for our students and ourselves are bold, they represent what we can and must do, together, to ensure that our students receive a first-rate education that will open a world of possibilities for them.

Through our collective commitment to excellence and equity, our school leaders, teachers, staff, parents, community partners, and students, we will keep DCPS rising!
