Deafblind Interveners are defined below:

- **A deafblind intervener** is an individual who has received specialized training to assist children who are deafblind, by facilitating access to environmental information, supporting their development and use of communication skills, and promoting their social and emotional well-being by maintaining a trusting and interactive relationship (Alsop, Blaha, and Kloos, 2000, p. 3-7).

B.1.1 The Contractor shall, while under the direction of a certified Special Education Teacher, provide intervener services to students who are in the special education setting or general education setting and are diagnosed Deafblind that impacts the child's academic performance under Individuals with Disabilities Education Act (IDEA).

### B.2 PRICING:

## **SECTION C: SPECIFICATIONS/WORK STATEMENT**

### **C.1 SCOPE:**

The District of Columbia Public Schools (DCPS) has a student population identified with Deafblindness. These students require the use of intervener services in order to access their individualized education program (IEP); participate in State assessments, curriculum-based assessments, and evaluations/reevaluations; and receive educational services in the least restrictive environment. Interveners provide access to sensory information that would otherwise be unavailable to children whose vision and hearing are severely limited or absent. They enable children to become aware of what is occurring around them, attach language and meaning to all experiences, and minimize the effects of multisensory deprivation; and they empower them to have control over their lives (Henderson & Killoran, 1995, p. 3).

Additionally, all contracted intervener services delivered to DCPS students with an individualized education program (IEP) shall be provided in accordance to the standards specified in section C.5 of this document. DCPS is committed to an educationally relevant model of general and special education service delivery that utilizes a multidisciplinary team approach to integrate strategies and interventions into the special educational environment.

The National Intervener Credentialing Program establishes common standards, competencies, and practices in a way that is both rigorous and affordable. Administrators of local and state education agencies can be assured that interveners who have completed the approved training, practicum, and credential process, have met standards that are rigorous and recognized beyond their local school, district, and state.

The requirements for obtaining the National Intervener Credential include:

- A minimum of 10 hours of credited coursework from an Institution of Higher Education (university or college). This coursework must include a supervised practicum experience.
- A Practicum experience (minimum of 2 credit hours) under the supervision of the course instructor and the guidance of a trained Intervener Coach. This practicum includes a minimum of 100 hours of contact time with an individual who is deafblind and a minimum of 3 coaching sessions.
- A completed Intervener Portfolio based on the Council for Exceptional Children National Intervener Competencies which provides documentation that the intervener has acquired the knowledge and skills needed to be an effective intervener.

- C.5.5 The Contractor shall provide a substitute for the deafblind intervener if they are absent within a reasonable time frame agreed upon by DCPS and the Contractor.
- C.5.6 The Contractor shall work with DCPS to create a contingency of services plan when a student is truant for 5 or more days in a row.
- C.5.7 In the event there is a need to redesign the interpretation delivery system for a student, the Contractor shall collaborate with DCPS in the support and redesign of the service delivery system, in order to achieve maximum efficiency and student outcomes given the resources available.

The required services shall facilitate access to information for students who demonstrate a need for intervener services as determined by the IEP team.

Bidders will not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required herein due to their failure to investigate the conditions or to become acquainted with all information, schedules and liability concerning the services to be performed.

**L.4 WITHDRAWAL OR MODIFICATION OF BIDS:**

A bidder may modify or withdraw its bid upon written or facsimile transmission if received at the location designated in the solicitation for submission of bids, but not later than the exact time set for opening of bids.

#### **L.5.2 Postmarks**

The only acceptable evidence to establish the date of a late bid, late modification or late withdrawal sent either by registered or certified mail shall be a U.S. or Canadian Postal Service postmark on the wrapper or on the original receipt from the U.S. or Canadian Postal Service. If neither postmark shows a legible date, the bid, modification or withdrawal shall be deemed to have been mailed late. When the postmark shows the date but not the hour, the time is presumed to be the last minute of the date shown.
