C.4 BACKGROUND

The Local Education Agency (LEA) is mandated to issue educational services that benefit eligible students enrolled in elementary primary and secondary private schools; the LEA is furthermore mandated to ensure that these educational services are and are also equitable to the Title I services delivered to public school students. Further, the provisions outlined in 34 CFR §200.64 provide a rubric and measurement for the LEA and State Education Agency (SEA) to follow.

- C.4.1** In accordance with State (SEA) and Local (LEA) standards, students participating in the Title I program must be assessed annually to measure progress. In measuring progress, students **MUST** show academic gains, which may be set by the LEA and aligned to SEA standards.

- C.4.2** DCPS is mandated by the Elementary and Secondary Education Act as amended by *Every Student Succeeds Act (ESSA) of 2015* to provide equitable services to the District of Columbia (DC) resident students who attend private schools. Annually, DCPS is required to contact all private schools to determine if the respective individual school official wants their eligible students to participate in the ESSA funded programs. This is documented by a Statement of Participation Form that private school administrators (“administrators”) complete and return to Federal Programs and Grants (FPG), by the end of each December, for the upcoming school year.
- C.4.3** Administrators may elect to have their children participate in one or more Title programs but may reverse their decision to participate during the school year. Although DCPS attempts to keep the participating group consistent throughout the school year, administrators may change their desires to have their eligible students participate. As a result, schools’ participation fluctuates, and as that occurs, so will the service population of the Contractor.
- C.4.4** DCPS invited all private schools within the District of Columbia to have their eligible students participate in SY20-21. The lists in Sections **C.4.5**, **C.4.6**, and **C.4.7** below identify the schools DCPS currently serves.

Actual annual participation will depend on the schools’ responses and, in future years, the contractor’s level of engagement and program of activities for students attending each school.

Services shall be provided only to students who are eligible under Title I as identified by DCPS. Currently, DCPS provides Title I service to four types of private school populations: 1) Archdiocese of Washington (ADW); 2) Independent Schools; 3) Special Needs Schools; and 4) Neighboring Maryland and Virginia private schools. **Further, DCPS is federally mandated to provide services to DC resident students attending private schools in Northern Virginia and/or Maryland jurisdictions.**

SECTION M - EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

The contract will be awarded to the responsible offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

M.2 TECHNICAL RATING

M.2.1 The Technical Rating Scale is as follows:

<u>Numeric Rating</u>	<u>Adjective</u>	<u>Description</u>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.

2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

M.2.2 The technical rating is a weighting mechanism that will be applied to the point value for each evaluation factor to determine the offeror’s score for each factor. The offeror’s total technical score will be determined by adding the offeror’s score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the offeror’s response as “Good,” then the score for that evaluation factor is 4/5 of 40 or 32.

If subfactors are applied, the offeror’s total technical score will be determined by adding the offeror’s score for each subfactor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, with two subfactors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the offeror’s response as “Good” for the first subfactor and “Poor” for the second subfactor, then the total score for that evaluation factor is 4/5 of 20 or 16 for the first subfactor plus 1/5 of 20 or 4 for the second subfactor, for a total of 20 for the entire factor.

M.3 EVALUATION CRITERIA

Proposals will be evaluated based on the following evaluation factors in the manner described below:

M.3.1 TECHNICAL CRITERIA (85 Points Maximum)

M.3.1.1 FACTOR A - Value-Added Expertise (15 Points maximum)

1. This evaluation factor considers the specific expertise in the educational approaches and models required to implement services associated with scientific modeling and national gains, as well as related statistical advancements (e.g., scientific-based curriculum, data infusion, student progress, and matriculation, and technical enhancement).
2. This factor will be evaluated on the technical approach, and demonstrated the viability of the proposed technical solution, based on a clear and thorough understanding of the relevant educational techniques.

M.3.1.2 FACTOR B - Proposed Methodology (30 Points maximum)

1. This evaluation factor considers the methodology proposed for this project, including data assembly and analysis, the progress of student achievement, matriculation out of Title I, project implementation, and information of policy decisions, ongoing support, project management, and documentation.

2. Instructional and parent and family engagement services rendered shall be structured on scientifically based research methods of instruction and parental engagement. This document shall be submitted within the Technical Proposal showing the contractors' scientific model of instruction.

This factor will be evaluated based on the completeness of the proposed methodology and its match to the scope of work above. The proposed methodology must demonstrate how the Offeror intends to complete the project and all deliverables successfully, within the desired timeframes. Approaches that maximize transparency, and DCPS' ability to make informed, data-based decisions will be rated higher.

M.3.1.3 FACTOR C- Past Performance and Experience (20 points maximum)

1. Evaluation of past performance and experience allows DCPS to assess the contractor's ability to perform and the relevance of work performed.
2. This factor considers the extent of the contractor's past performance within the last five years, in achieving a high degree of customer satisfaction. Evaluation of this factor will be based on the quantity and quality of contractor's performance on projects of comparable size, highly technical nature, complexity. The currency and relevance of the information, source of information, the context of the data, and general trends in contractor's performance shall be considered.
3. The contractor shall provide the past performance evaluation forms of three previous contracts for which the contractor provided identical or similar work within the last five. Include Name of Company, Title and Description of the Project, Contract Number, Dollar Amount, and Period of Performance, Type of School(s) Served, Number of School(s) Served, Number of Students Served, Name of the Contact Person, and Title, and Telephone Number and email address.

M.3.1.4 FACTOR D - Proposed Project Team (10 Points maximum)

1. This evaluation factor considers the education, experience, knowledge, past performance, necessary skills, and expertise of the key personnel directly assigned to the project.
2. This factor will be evaluated on the specific skill sets of the proposed project team. Each team member must provide the required specific expertise (e.g., econometric analysis, data analysis, reporting, project management) based on their project role.
3. This evaluation factor also considers organizational structure, and staff support, based on their project role.

M.3.1.5 FACTOR E- Compliance with Schedule (10 Points maximum)

1. This evaluation factor considers the proposed schedule and the SEA and LEA regulations.
2. This factor will be evaluated based on the completeness of the provided project plan, including all major tasks and subtasks, including dependencies and critical path items. This plan must demonstrate how the Offeror will meet the required schedule to complete the project successfully.

M.3.2 PRICE CRITERION (15 Points Maximum)

The price evaluation will be objective. The offeror with the lowest price will receive the maximum price points. All other proposals will receive a proportionately lower total score. The following formula will be used to determine each offeror's evaluated price score:

$$\frac{\text{Lowest price proposal}}{\text{Price of proposal being evaluated}} \times \text{weight} = \text{Evaluated price score}$$

M.3.3 PREFERENCE POINTS AWARDED PURSUANT TO SECTION M.5.2 (12 Points Maximum)

M.3.4 TOTAL POINTS (112 Points Maximum)

Total points shall be the cumulative total of the offeror's technical criteria points, price criterion points and preference points, if any.

M.4 EVALUATION OF OPTION YEARS

The District will evaluate offers for award purposes by evaluating the total price for all options as well as the base year. Evaluation of options shall not obligate the District to exercise them. The total District's requirements may change during the option years. Quantities to be awarded will be determined at the time each option is exercised.

M.5. PREFERENCES FOR CERTIFIED BUSINESS ENTERPRISES

Under the provisions of the "Small and Certified Business Enterprise Development and Assistance Act of 2014", D.C. Official Code § 2-218.01 *et seq.*, as amended ("Act", as used in this section), the District shall apply preferences in evaluating proposals from businesses that are certified by the Department of Small and Local Business Development (DSLBD) pursuant to Part D of the Act.

M.5.1.8 Any prime contractor that is a local manufacturing business enterprise (LMBE) certified by DSLBD will receive the addition of two points on a 100-point scale added to the overall score.

M.5.2 Maximum Preference Awarded

Notwithstanding the availability of the preceding preferences, the maximum total preference to which a certified business enterprise is entitled under the Act is the equivalent of twelve (12) points on a 100-point scale for proposals submitted in response to this RFP. There will be no preference awarded for subcontracting by the prime contractor with certified business enterprises.

M.5.3 Preferences for Certified Joint Ventures

A certified joint venture will receive preferences as determined by DSLBD in accordance with D.C. Official Code § 2-218.39a(h).

M.5.4 Verification of Offeror's Certification as a Certified Business Enterprise

M.5.4.1 Any vendor seeking to receive preferences on this solicitation must be certified at the time of submission of its proposal. The CO will verify the offeror's certification with DSLBD, and the offeror should not submit with its proposal any additional documentation regarding its certification as a certified business enterprise.

M.5.4.2 Any vendor seeking certification in order to receive preferences under this solicitation should contact the:

Department of Small and Local Business Development

M.5.4.3 All vendors are encouraged to contact DSLBD at (202) 727-3900 if additional information is required on certification procedures and requirements.

M.6 EVALUATION OF PROMPT PAYMENT DISCOUNT

M.6.1 Prompt payment discounts shall not be considered in the evaluation of offers. However, any discount offered will form a part of the award and will be taken by the District if payment is made within the discount period specified by the offeror.

M.6.2 In connection with any discount offered, time will be computed from the date of delivery of the supplies to carrier when delivery and acceptance are at point of origin, or from date of delivery at destination when delivery, installation and acceptance are at that, or from the date correct invoice or voucher is received in the office specified by the District, if the latter date is later than date of delivery. Payment is deemed to be made for the purpose of earning the discount on the date of mailing of the District check
