COST / PRICE DISCLOSURE CERTIFICATION

RFP Number: _____ Closing Date: _____

Caption: _____ Total Proposed Amount: _____

The undersigned _____

(please print name and title of offeror's authorized signatory) hereby certifies that, to the best of my knowledge, the cost and pricing data (i.e. at the time of price agreement this certification represents that all material facts of which prudent buyers and sellers would reasonably expect to affect price negotiations in any significant manner) submitted was accurate, complete, and current as of _____ (date of RFP closing or conclusion of negotiations as appropriate) .

The undersigned further agrees that it is under a continuing duty to update cost or pricing data through the date that negotiations, if any, with the District are completed. The undersigned further agrees that the price, including profit or fee, will be adjusted to exclude any significant price increases occurring because the cost or pricing data was inaccurate, incomplete or not current. (See D.C. Procurement Regulations, 27 DCMR, Chapter 6, Section 699, Chapter 16, Section 1624; and Section 32 of the Standard Contract Provisions for Use with District of Columbia Government Supply and Services Contracts, December 1984, as amended).

COST/PRICE DATA REQUIREMENTS

1. GENERAL INFORMATION:

- 1.1 Offerors submitting cost/price proposals, in response to a District Request For Proposal (RFP), sole source procurement, change order, or contract modification exceeding \$500,000 in total value, must include a complete cost and pricing data breakdown (i.e., data that is verifiable and factual) for all costs identified in the proposal, and relevant to the performance of the contract. The requirement for submission of cost or pricing data is met when all accurate cost or pricing data reasonably available to the Offeror has been submitted, either actually, or by specific identification, to the District. If not available at the time of submission, as later information comes into the Offeror's possession, it should be promptly submitted to the District in a manner that clearly demonstrates its relationship to, and effect on, the Offeror's cost/price proposal. This requirement continues up to the date of final agreement on price and/or other issues, as agreed upon between the parties.
- 1.2 There is a clear distinction between submitting cost or pricing data and merely making available books, records and other documents without identification or context. By submitting a cost/price proposal, the Offeror, if selected for negotiation, grants the Contracting Officer, or an authorized representative, the right to examine, at any time before award, those books, records, documents, and other types of factual information, regardless of form or whether such supporting information is specifically referenced or included in the proposal as a basis for pricing, that will permit an adequate evaluation of the proposed cost/price.
- 1.3 The cost/price proposal will represent the offeror's understanding of the RFP's requirements and the offeror's ability to organize and perform those requirements effectively and efficiently. The evaluation of the Offeror's cost/price proposal will be based on an analysis of the realism and completeness of the cost data, the conformity of the cost to the offeror's technical data and the proposed allocation of labor-hours and skill sets. Pertinent cost information, including but not limited to Defense Contract Auditing Agency (DCAA) and/or the Department of Labor (DOL) recommended rates for direct labor, overhead, general and administrative expense (G&A), etc., as necessary and appropriate, must be used to arrive at the most probable cost to be incurred by the Offeror. If the District considers the proposed costs to be unrealistic, the Offeror should adjust its proposed costs accordingly. Any inconsistency, whether real or apparent, between promised performance and cost or price should be explained in the cost/price proposal. The burden of proof for cost credibility rests with the Offeror.
- 1.4 The Offeror must submit its cost/price proposal in hard copy as well as on a diskette, which is in a format (i.e. MS Office, Lotus 1-2-3, etc.) specified and/or provided by the Agency Contracting Officer in the solicitation package. All cost/price proposals should provide a cost summary by all cost elements, cross-referenced to supporting documentation. See Table No. (1.4).

1.5 The following information shall be included in this section, for the prime contractor and each proposed subcontractor:

- (a) A properly completed "Cost/Price Disclosure Certification."
- (a) Identification of any estimates, along with the rationale and methodology used to develop them, including judgmental factors used in projecting future costs, based on known data, and the timing, nature and extent of any material contingencies.
- (c) Disclosure of any other activities or likely events which could materially impact specific costs (i.e., existing large material and supply inventories, management/ownership changes, new technologies, collective bargaining agreements, etc.)
- (d) Disclosure of any and all awarded and pending contracts with the District of Columbia, including contract number(s), amount, type (fixed price, cost reimbursement, etc.), agency, and a brief description of services.
- (e) Source of approval and the latest date of approval of the offeror's Accounting system.

Note: Provide cost information similar to the above format for each option/out-year

* *Note: Small, field-based trade providers typically have a labor or combined overhead cost components. Larger, more diversified providers may have separate labor, and/or ODC or combined overhead component.*

2. SUPPORTING COST DATA:

- 2.1 The Offeror shall provide, for each cost element, a narrative description, in sufficient detail, to demonstrate price reasonableness, credibility and reliability. The Offeror shall provide its assumptions and methodologies used to estimate each cost element (significant item and quantity estimates, labor hour expenditure patterns and mix, etc.). The following information shall be included in this section:
- 2.1.1. The Offeror's total estimated costs plus its fee (if applicable) for providing all of the requirements of the RFP, as proposed in their technical proposal. Offerors should support their best estimates of all costs (direct, indirect, profit, etc.) to be incurred in the performance of the contract.
 - 2.1.2. When proposing multiyear/option year pricing, the estimated proposed costs shall include a breakdown of all cost elements for the base year as well as each option/out-year. Labor, other direct costs, indirect costs and profit shall each be clearly identifiable. If different from the Defense Contract Auditing Agency (DCAA) or Department Of Labor (DOL) recommended rates, the Offeror shall provide a thorough explanation for the variation(s) of rates.
 - 2.1.3. The Cost Summary Format (Table 1.4) provides a format for the Offeror to submit to the District a pricing proposal of estimated cost by line item, along with supporting documentation that is adequately cross-referenced and suitable for cost realism analysis. A cost-element breakdown shall be attached for each proposed line item and must reflect any other specific requirements established by the Contracting Officer. When more than one contract line item is proposed, a summary of the total amount covering all line items must be furnished for each cost element.
 - 2.1.4. If the Offeror has an agreement with a federal, state, or municipal government agency on the use of a Forward Pricing Rates Agreement (FPRA) or other rate agreement for labor, fringe benefits, overhead and/or general and administrative expense, the Offeror must identify the agreement, provide a copy and describe its nature, terms and duration.

3. SPECIFIC COST ELEMENTS:

A well-supported cost/price proposal reduces the effort needed for review and facilitates informed negotiations. The following are the minimum criteria that constitute an acceptable cost/price proposal:

- 3.1 **Direct labor:** A task-phased annual breakdown of labor rates and labor hours by category or skill level, including the basis for the rates and hours estimated (i.e., payroll registers, wage determinations, collective bargaining agreements, historical experience, engineering estimates, etc.).
 - 3.1.1 The Offeror shall use the following Table No. (3.1.1) to exhibit its total labor hours by prime contractor and subcontractor(s). A separate table should be completed for each year (base and out-years).

**Table (3.1.1)
Annual Labor Summary**

Item	Task 1	Task 2	Task 3	Task 4	Base Year Total
<u>Labor Category, Prime</u> <ul style="list-style-type: none"> • Employee A • Employee B • Employee C 					
<u>Labor Category, Sub.</u> <ul style="list-style-type: none"> • Employee D • Employee E • Employee F 					
<u>Labor Category, Consultant</u> <ul style="list-style-type: none"> • Employee G • Employee H 					
Total Labor Hours by Task					

Note: Do not include wage rates in this table

- 3.1.2 A standard of 40 hours/week, 1,920 hours/year is recommended. If another standard is used, it should be precisely defined. Any deviation from the above labor-hour projection without substantiation may form the basis to reject the response to the RFP. The proposed labor-hours shall include prime contractor, subcontractor and consultant hours.
- 3.1.3 The Offeror shall also submit Table No. (3.1.4.b), depicting the labor mix percentages as proposed for the base year as well as the out-years and should match the personnel experience requirements specified in the RFP, Section **(to be referenced by the Contract Specialist)**, under Personnel Experience. All of the RFP Key positions must be included within the Senior Staff categories. To provide a better understanding of this format, Table No. (3.1.4.a) is provided as an example.
- 3.1.4 The Offeror shall describe how the hourly direct labor rate was derived and indicate whether these rates are subject to any collective bargaining agreement(s), the Service Contract Act (SCA), Davis-Bacon, or any other special agreement which controls the labor rate indicated. When proposing price escalation for option/out-years, the Offerors must follow instructions provided under Economic Price Adjustments, Section H, of this RFP.

This includes all other direct costs associated with performance of the contract. Travel costs shall be in accordance with GSA Joint Travel Regulations for airfare, hotel, and per diem allowances. All other direct costs should be specifically identified and explained. If an allocated portion of a Direct cost is also included in an Offeror's indirect rate (such as General and Administrative), the Offeror should state so and list the types of expenses included in the indirect rate.
- 3.3.1 The Offeror should identify types, quantities, and costs of all materials and supplies proposed including a non-loaded priced listing of individual materials or supplies ordered, or a consolidated and priced bill of materials for the entire proposal. For any subcontract exceeding \$25,000 the cost/price proposal must show the names, quantities, prices, deliverables, basis for selection, and degree of competition used in the selection process. The subcontractor's cost or pricing data should be included along with the prime Offeror's proposal. If available, the Offeror should also include the results of its review and evaluation of the subcontract proposals. The Offeror shall provide copies of any cost or price analyses of the subcontractor costs proposed.
