Rationale for Proposed Boundary Changes: Hearst's attendance zone expands at the northwest to relieve pressure at Murch. Hearst is approaching capacity but with few public school students, low boundary participation rate, and modernization in 2015 makes this feasible.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Hearst ES is zoned for and has a right to attend Deal MS and Wilson HS. Any student attending the school out-of-boundary has the right to continue in the feeder pattern to Deal. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
