October 5, 2017

IFB No.: GAGA-2017-I-0069
DCIAA Transportation Services.

Subject: Questions and Answers

Pursuant to Section L.16 of the referenced solicitation, please find below the following questions submitted to the Office of Contracts and Acquisitions (OCA) by the due date and the corresponding official answers to the questions:

Question No. 1:

Are the line items considered components so that a contractor could bid only on line 0001 for the middle school but not necessarily bid or accept line 0002 for the elementary school?

Answer:

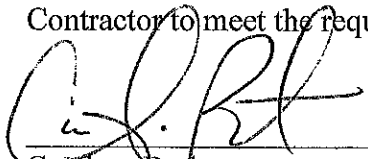

Yes. There are two (2) Contract Line Items (CLIN). The District contemplates multiple contract awards by CLIN as stated in Section B.2 of the solicitation.

Question No. 2:

For the projected number of buses per trip, can a contractor provide a certain number of buses in a line item number 0001 and another contractor provide the other buses? For example: line 0001 for the middle School, can it have 10 buses provided by contractor A and 16 buses provided by a contractor B?

Answer:

No; it is all or none for each component. However, subcontracting is a viable means for a Contractor to meet the required number of buses per component.

Candace Butler
Interim Chief Procurement Officer
