C.3 DEFINITIONS:

These terms when used in this RFP have the following meanings:

- C.3.1 Certificate 3 (C3):** Students who are pursuing a Certificate of Individualized Education Plan (IEP) Completion and not a Diploma, who are at an advanced (third) stage of their academic career, are classified as Certificate 3 or "C3" students. Traditionally, these students have impactful cognitive disabilities and are diagnosed with Intellectual Disabilities and Autism Spectrum Disorder. The accommodations for these students vary widely, and are dependent on the individual needs of the student. However, broadly, both disabilities deal primarily with cognitive functioning and communication deficits, so accommodations often involve the use of an assistive technology device (i.e., an iPad) to communicate, one-on-one instructional support, explicit guidance on how to complete a specific task (i.e., navigating independently, purchasing something, and awareness of social norms).
- C.3.2 Cultural Immersion:** Cultural Immersion tours expose students to other cultures, through guided tours of historic and significant sites, visits to museums, and more. Cultural Immersion tours offer students a broad view of a country's culture, with exposure to its language and interactions with locals. Cultural Immersion tours help students understand their identity as global citizens by introducing them to global issues and global perspectives.
- C.3.3 Domestic:** Domestic tours allow DCPS Study Abroad to provide inclusive global travel learning opportunities to all students. Domestic tours help students identify local global connections, by exploring the influences of various cultures and peoples on cities in the USA.
- C.3.4 Language Immersion:** Language Immersion tours focus on increasing students' exposure to and proficiency in world languages. These tours give students authentic opportunities to practice their world language skills in real-life situations. Language Immersion tours develop students' ability to communicate effectively as global citizens.

- C.3.5 Opportunity Academy:** As part of its commitment to ensuring that overage, under-credited high school students are on a path to graduation, DCPS provides individualized, dedicated support in specialized schools called Opportunity Academies, to ensure students are on a path toward graduation and provided formalized social-emotional learning and post-secondary readiness support. Opportunity Academies have also been called “alternative schools.”
- C.3.6 Service Learning:** Service Learning tours target global citizenship by giving students an opportunity to take action by engaging in meaningful community service, in partnership with local organizations and community leaders. Service learning tours should be mutually beneficial for both the local community, who receive needed support on critical projects and host visitors who are interested in learning about local culture, and for visiting travelers, who learn about new cultures and practice responsible development and partnership.
- C.3.7 Study Abroad Online:** A secure web-based platform, accessible only to DCPS students and select staff including Travel Ambassadors, which houses student applications, documents, and data.
- C.3.8 Tour/Trip Start:** For tours departing via plane, tour/trip start time is 3 hours prior to scheduled flight time. For all other tours, tour/trip start time is 1 hour prior to scheduled ground departure.
- C.3.9 Travel Ambassador (TA):** Educators, usually school-based, who apply and are selected to serve the DCPS Study Abroad program. Travel Ambassadors complete mandatory training for their role, and they report to the DCPS Global Education team. Travel Ambassadors are responsible for recruiting, helping to select, preparing, and leading students on DCPS Study Abroad tours. They are also responsible for student document collection, family engagement, and alumni support. Travel Ambassadors recruit, select, and support students in their school with connecting to and remaining engaged with DCPS Study Abroad. While Travel Ambassadors recruit and engage students from their schools, they lead trips that include students from multiple schools.
- C.3.10 Travel days:** The first and final days of the tour on which the group both departs Washington, DC (“DC”) and departs their destination to return to DC.

C.4 BACKGROUND:

DCPS believes every student deserves a world of possibilities; for this reason, DCPS developed a study abroad program. DCPS Study Abroad is the nation’s first fully funded district-wide global travel program of its size, for students at the K-12 level in a public school system. DCPS establishes a contract(s) with an educational travel contractor(s) that can work to tailor its programming to meet the unique needs of DCPS Study Abroad and whose staff has professionalism, expertise, and cultural competency necessary for creating positive travel experiences for diverse groups of travelers, including travelers of color; LGBTQ+ travelers; travelers with disabilities; travelers of various national origin; travelers of various religions; and first-time, first-generation travelers.

DCPS Study Abroad engages educators, students, and families in Washington, DC from August – June; travel for students and educators occurs in the summer, from June –July, with destinations in the USA, At least one of the destinations needs to be within nine (9) hours driving distance via private coach from Washington, DC for middle school travelers and one (1) for high school

travelers. Domestic destinations in the USA must have global connections. Domestic locations can include those that are accessible via private chartered bus within nine (9) hours from Washington, DC and locations that are accessible by air for distances longer than nine (9) hours driving from Washington, DC. DCPS Study Abroad prefers a diverse range of travel destinations, given our language requirements, and aims to plan tours to locations that allow students to experience that represent the diverse cultures and languages studied by DCPS students.

DCPS Study Abroad helps ensure that young global citizens have access to global experiences, so that travel becomes the expectation rather than the exception for students. DCPS students in 8th grade, 11th grade, Certificate 3 special education programs, and Opportunity Academies who are studying a World Language are eligible to apply for short-term study abroad programs targeting language immersion, cultural immersion, and service learning. Since 2016, DCPS Study Abroad has provided fully funded travel opportunities to over 1,500 students and educators, and approximately 1,000 students have received a passport at no cost through the program.

- C.4.1** All DCPS Study Abroad trips are fully funded, including airfare, meals, lodging, insurance, and activities on tour. Aid for students with significant financial need who require support to obtain necessary travel supplies is available upon request. All travelers must obtain vaccines prior to trip departure, and obtaining necessary travel documents and permissions is funded by DCPS for students. DCPS Study Abroad trips occur in the summer and last, on average, between five to seven days.
- C.4.2** School-based DCPS employees with an interest in global education and travel can apply to be Travel Ambassadors, who will recruit, prepare, and lead students on global travel with DCPS Study Abroad. Travel Ambassadors are highly trained for their role and are vital to the success of the DCPS Study Abroad program. DCPS Study Abroad maintains a minimum ratio of at least one (1) Travel Ambassador for every ten (10) students; trips usually include three (3) Travel Ambassadors for fifteen (15) students, or two (2) Travel Ambassadors for ten (10) students.
- C.4.3** Every student traveler is required to participate in pre-departure trainings with their trip leaders, abide by their trip's itinerary, and develop a post-travel "Making Global Local" project about their time abroad. Students' Making Global Local project will be shared and celebrated with their school and community in the fall following their trips.

Timeline for Services

- C.4.4** The DCPS Study Abroad program recruits Travel Ambassadors and student participants from September to November, completes student selection from December to January, and announces student application decisions in mid-January. Students accepted to DCPS Study Abroad learn their trip assignment when they are welcomed to the program and given their trip assignment and tour's tentative itinerary in mid-January.
- C.4.5** The DCPS Global Education team oversees DCPS Study Abroad and, therefore, reviews and approves all itineraries and any itinerary changes for DCPS Study Abroad tours. Educational travel contractors contracted for the program provide the DCPS Global Education team with daily itineraries, which provide an overview of tour activities alongside any possible alternative activities, for each tour. A summary of all high-risk activities that may be included, along with safety provisions in place for each activity, is also required for each tour.

- C.4.6** Between February and June, students engage in pre-departure preparations, which include obtaining parental permission and completing enrollment paperwork, applying for necessary travel documents, beginning their Making Global Local projects, and attending mandatory pre-departure meetings with their Travel Ambassadors and fellow travelers. There is a waitlist for DCPS Study Abroad, so the roster of student travelers can and does change between January and May, approximately six weeks before the first trip departs. The DCPS Global Education team, which oversees DCPS Study Abroad, confirms final roster assignments with educational travel contractors within the first two (2) weeks of May.
- C.4.7** All DCPS Study Abroad trips take place in summer, between June and July. The travel window for the 2021-2022 School Year shall be June 27, 2022 – July 13, 2022. Domestic trips last between five and seven days. Final itemized itineraries for all tours, which outline details and times for all daily activities and potential alternative activities on tour, shall be due from educational travel contractors to the DCPS Global Education Team by May 6, 2022. After travel, students and Travel Ambassadors complete surveys to reflect on their experience. Students must complete and submit their Making Global Local projects in August, and they are invited to present publicly in September.

If the parties fail to agree upon the adjustment to be made, the dispute shall be determined as provided in **clause 14 Disputes**.

- (b) The District shall not require the Contractor, and the Contractor shall not require a subcontractor, to undertake any work that is beyond the original scope of the contract or subcontract, including work under a District-issued change order, when the additional work increases the contract price beyond the not-to-exceed price or negotiated maximum price of this contract, unless the CO:

SECTION M - EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

The contract will be awarded to the responsible offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

M.2 TECHNICAL RATING

M.2.1 The Technical Rating Scale is as follows:

<u>Numeric Rating</u>	<u>Adjective</u>	<u>Description</u>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

M.2.2 The technical rating is a weighting mechanism that will be applied to the point value for each evaluation factor to determine the offeror's score for each factor. The offeror's total technical score will be determined by adding the offeror's score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the offeror's response as "Good," then the score for that evaluation factor is 4/5 of 40 or 32.

M.2.3 If subfactors are applied, the offeror's total technical score will be determined by adding the offeror's score for each subfactor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, with two subfactors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the offeror's response as "Good" for the first subfactor and "Poor" for the second subfactor, then the total score for that evaluation

factor is 4/5 of 20 or 16 for the first subfactor plus 1/5 of 20 or 4 for the second subfactor, for a total of 20 for the entire factor.
