

SY20-21 School Feeder Patterns

Below are the SY20-21 DCPS school feeder patterns. A feeder pattern school is one that a student has the right to attend based on completion of the terminal grade of a student's current school. This assignment only happens during the year a student is moving from the terminal grade of their current school. The feeder patterns reflected below are active for students transitioning grades between SY19-20 and SY20-21. Note: Feeder rights are subject to change based on student assignment phase-in policies and grandfathering clauses.¹
